We provide Need For Speed Underground 2 free code full working on Windows PC, Laptop and Mac. Need For Speed Underground 2 Codes and key download links available here. Need for Speed Underground 2 is a racing simulation video game developed by EA Black Box and published by Electronic Arts. The game features a criminal underground racing faction called The Driver's Republic, who are using their machine to build a dominance over the underground street racing faction called The Enforcers, who are trying to stop them from creating chaos in the streets. The game is set to take place in the fictional city of Bohan. Featuring the return of Lucas Oil Off Road Raceway, the Bohan Valley and many new locations, Need for Speed Underground 2 is a racing simulation game that mixes various open-world racing game features, including trick-racing elements and FMV-style cutscenes. In addition to the game's core gameplay, the game features an open world, customizable races, and minigames. You can buy the game in CD format, and you can download it in a digital format. It is published under the EA Games label, and developed by Electronic Arts. Need For Speed Underground 2 Walkthrough Note: The link will take you to a page with the download of the game. You will need to download the game using your account from which you registered the game. You will then be able to download the game directly from your Games » Download list. The game was released for the Xbox and PlayStation 3 in November of 2010, followed by a PC version in March of 2011. A sequel, Need for Speed Underground 2: #1 Heat, was released in March of 2011. History In Need for Speed Underground 2, a dangerous criminal underground racing faction called The Driver's Republic (DR) built a machine that could control the power of the racers, and the Enforcers (E) had a machine that could control the street racers. This caused a race war, and in the last race, the machines were destroyed, and the street racers gained control. The Enforcers were left with no choice but to take control of the streets. Gameplay Similar to Need for Speed: Underground, the player takes control of a player character who can perform various stunts to perform tricks, break through barriers, collect weapons and use them to kill the opponents. In addition to the normal racing modes, the game features split-screen 82157476af
